Guest Speaker: Gloria Debba

Gloria has worked in community projects for over 30 years, initially as a childcare director in the northern suburbs and then as an inclusion facilitator and project officer across all metropolitan areas with Inclusive Directions. For the past 3 years she has the community development coordinator for the SA Education Standards Board, located at the Woodville Gardens School B-7 Children Centre and works closely with the Ridley grove Community Centre. She spoke passionately about working with very young children, especially those from immigrant and indigenous families. Inclusion into the community, communication with parents with limited English and dietary issues are all important.
