Notes from Meeting 2028 – 1st of December

Last week we were pleased to be joined by **AG Jeff Cluse** and apologies were received from **Ashleigh** and **John Opio**.

Our guest speaker was **Russell Green** who introduced us to topic of **Rotary Citations**, one of which our club received for his Presidential year, 2019/2020. He explained how the current goals can be viewed by going to <https://my.rotary.org/en/> and login. Then proceed to **View Club Goals** under our club details on the left-hand side. The dashboard then shows interesting statistics on age distribution as shown here.

We clearly have some work to do here on increasing our numbers of Under 70's.

Russell went on to explain the Citation process which involves achieving 13 of the 25 goals listed for 2020/21. These goals comprise the following headings and details of each are on the website:

Club membership; Service participation; New member sponsorship; Rotary Action Group participation; Leadership development participation; District conference attendance; Rotary Fellowship participation; District training participation; Annual Fund contributions; PolioPlus Fund contributions; Major gifts; Bequest Society members; Benefactors; Service projects; Rotaract clubs; Interact clubs; Inbound Youth Exchange students; Outbound Youth Exchange students; RYLA participation; Strategic plan; Online presence; Social activities; Update website and social media; Media stories about club projects; and Use of official Rotary promotional materials.

Vic thanking Russell

Update from Rose Darling and her breakfast programme

I read recipes the same way
I read science fiction.
I get to the end and I think
"Well, that's not going to happen"
