Notes from Meeting #2051 – 1st of June

This week we had apologies from **Brian, Ernie & John O.**

Vic reported that our BBQ trailer will be ready this week and including our club logo on all sides. And here it is **looking good.**

Les reminded us of the busy Sunday coming up with both Bunnings and the BBQ for the PAE Council community tree planting.

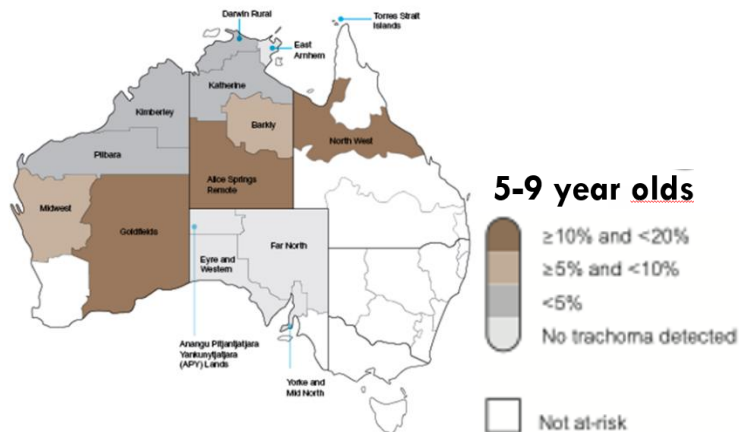

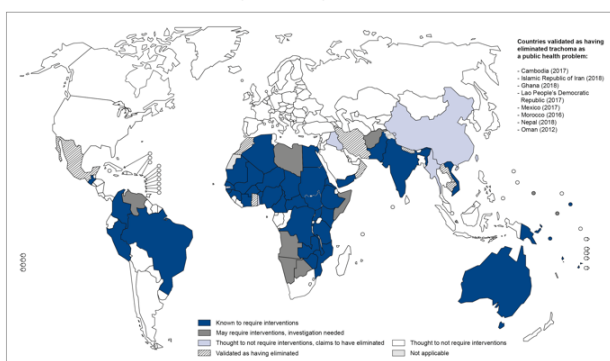

Russell reminded us of the **Rotary Environment Area of Focus Launch** being held by Zoom on the 4th of June. It was an interesting and informative event focussing on club activities including tree planting and setting up club Carbon Calculators.

Guest Speaker – Jenny Mills – End Trachoma

Our guest speaker this week was Jenny Mills, the President of the Rotary Club of Loxton and one of the two End Trachoma in Australia champions of District 9510. Jenny made an excellent presentation highlighting the need to combat this curable disease which has been eradicated in most of the world but persists in Australia and a few countries in South America, Africa and Asia. Rotary, in conjunction with Monash University, the Fred Hollows Foundation and State and Federal Governments, has mounted a country wide campaign to tackle this problem. Our club is currently preparing 36 hygiene packs to deliver to a school in the Northern Territory. Here are some images from her presentation.
