Ridley Grove Community Centre,
66 Ridley Grove, Woodville.

Notes from Meeting #2073 – 9th of November

This week was our **AGM** and was also a **Board Meeting**. Ernie, John O and Jack K were **apologies**. It must be noted that **Jack K** has written to all members explaining that, due to health concerns, he wishes to stand down as Community Director and as President Elect. We are all very sorry to learn this and hope that his health will allow him a more active role in the club before very long. **Angela** has agreed to stay on as President for 2022/2023 and **Vic** has taken on Community. **Brian** announced that \$2,613 had been raised for **INF** by the lawn bowls night on the 29th of October. **Dale** presented his club history spot reporting on the **first Club Forum** held on the 5th of May 1981 where it was decided that the club should focus on smaller projects within our local community. Please note that, for the forthcoming **Swap Meet** on the 21st of November, we are considering having **our own club stall**.

Report on the Social Weekend to Calperum on the 5th to 7th of November.

Jeff Cluse reports our first environmental project for 13 people from 3 clubs to experience Australia's largest Rotary environmental project. **Friday**, while Russell and Jeff met with Julie to review possible projects we could take on, the others were free to explore. **Saturday morning**, we were taken on a vehicle tour of some of the property, where two Aboriginal males, William & Jeremy and a young girl, Ceobah, who is at Renmark High School, all who had great knowledge of the area and what they are trying to re-establish for the environment and also past history i.e. they showed us the remains of tracks created by Cobb and Co. horse drawn carriages in the 1800's. Morning tea was a campfire cooked damper. **Saturday afternoon**, after a salad lunch, we ventured out to look at areas that Russell and Jeff had worked in previously, where a bush fire had been through in about 2013 and the regrowth and the tree planting we have done previously. **Saturday evening**, another great BBQ with time around the Dining Table solving the world's problems. After a storm had passed, we moved out to the outside open fire. **Sunday**, after another tasty breakfast of eggs and bacon, we cleaned up and headed for home.

Jeremy & Ceobah passing on information

Bird box in tree

Cobb & Co. tracks

Bush Damper – Salt Bush

Our next venture at Calperum will be **Friday 26th to Sunday 28th November** – a **working bee** on the "Hideaway Hut", **come and join us**.

Our first drinking water supply arrives at Green Pastures Hospital in Nepal

Brian has received this message and photos from Green Pastures Hospital.

We are thankful to Rotary Regency Park for supporting us to install a pure drinking water supply in the hospital premise for its patients and staff members. The water supply has been installed in the Out-Patient Department Waiting Area.

The water supply is conveniently located, readily visible and is accessible to wheelchair users. It is made up of stainless steel and has three water taps and is easy to clean and maintain. There is a dedicated support staff to take care of the water supply's daily maintenance and availability of paper cups. It is labelled with "Pure Drinking Water" and "Do not wash your hands" in local languages.

The patients and staff are very happy to have safe drinking water within easy access.

Dates for Our Calendars

The Four-Way Test

of the things we think, say or do

1. Is it the **truth**?
2. Is it **fair** to all concerned?
3. Will it build **goodwill** and **better friendships**?
4. Will it be **beneficial** to all concerned?
