Notes from Meeting #2087 – 8th of March

This week we had apologies from **Jack K, Ernie, John G & John O.**

Les circulated the roster for the forthcoming Carousel & Bunnings.

Jack P reported that Sandi Fulcher, the main person co-ordinating the **End Trachoma** effort has had responded with 2 projects that we have agreed to support, one is to pay for transport of school student clothing to the NT and the other is to prepare hygiene bags for families of teachers in the NT.

Jeff reminded everyone of the **Area 12 Group** Meeting on Wednesday, the 20th of April and again asked for members to consider volunteering to make a short presentation on **“My best Rotary Moment”**. Please note that Registration is now available at <http://e.mybookingmanager.com/Rotary-Area-12-Clubs-Dinner-20-April-2022>

Ron has asked all members to start collecting raffle prizes as well as auction items for our Corolla Capers **2022 Back to Birdsville** in July. It would be extremely beneficial if we can have some major raffle prizes in place by the Briefing night which is to be held on the 26th of April.

He also presented the charities that have been proposed for this year’s event to support.
The Board subsequently discussed these and it has been decided that this year’s event will raise funds for the established charities

*Second Chances for children of imprisoned people,
Love, Hope & Gratitude for women and children who are victims of domestic abuse, and the Royal Flying Doctor Service.*

In addition, we will give funds under the title Books for Bush Kids, to schools we pass along the route, namely Hawker, Marree, Birdsville & Leigh Creek.

Board Meeting

The board meeting discussed many topics and activities that the club is currently involved with. In addition to the Corolla Capers charities decision as described above, it endorsed the following.

The Four-Way Test

of the things we think, say or do

1. Is it the **truth**?
2. Is it **fair** to all concerned?
3. Will it build **goodwill** and **better friendships**?
4. Will it be **beneficial** to all concerned?

Disaster Aid Australia

Responding to disasters by meeting with those affected and asking:

“What do you need?”

Almost always, the request is for:

- Materials to help them rebuild their homes, bought locally.
- Safe drinking water, which we provide with SkyHydrant water filters.

Responding to the worldwide disaster of more than 1,000 deaths every day from contaminated water. Young children are at greatest risk.

We provide permanent SkyHydrant installations for:

- Communities
- Schools
- Medical facilities

Ask how we can help you add safe water to your project.

What does the aid cost?

- Home Rebuilding Pack** \$1,000
- SkyHydrant Rapid Response Pack** \$3,000

- SkyHydrant Permanent Installation** \$5,000
(Less than \$1 / person / year)
