The Four-Way Test

of the things we think, say or do

Rotary

Is it the **truth**?

Is it **fair** to all concerned?

Will it build **goodwill** and **better friendships**?

Will it be **beneficial** to all concerned?

JOKE OF THE WEEK.

First time I heard about paraprosdokians; I liked them. Paraprosdokians are figures of speech in which the latter part of a sentence or phrase is surprising or unexpected and is frequently humorous. (Sir Winston Churchill loved them).

1. Where there's a will, I want to be in it.
2. The last thing I want to do is hurt you ...but it's still on my list.
3. Since light travels faster than sound, some people appear bright until you hear them speak.
4. If I agreed with you, we'd both be wrong.
5. We never really grow up -- we only learn how to act in public.
6. War does not determine who is right, only who is left.
7. Knowledge, is knowing a tomato is a fruit. Wisdom is not putting it in a fruit salad.
8. To steal ideas from one person is plagiarism. To steal from many is research.
9. I didn't say it was your fault, I said I was blaming you.

10. In filling out an application, where it says, "In case of an emergency, notify..." I answered "a doctor."
11. Women will never be equal to men until they can walk down the street with a bald head and a beer gut, and still think they are sexy.
12. You do not need a parachute to skydive. You only need a parachute to skydive twice.
13. I used to be indecisive, but now I'm not so sure.
14. To be sure of hitting the target, shoot first and call whatever you hit the target.
15. Going to church doesn't make you a Christian, any more than standing in a garage makes you a car.
16. You're never too old to learn something stupid.
17. I'm supposed to respect my elders, but it's getting harder and harder for me to find someone older than me.
